REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The specific limitations of ...the connecting member is moved when one of the coil and the magnetic body moves coaxially relative to the other to come close to and go away from each other...", along with the other claim limitations are not anticipated or made obvious over the prior art of record in the examiner's opinion. For example 7-299255 to Kabushiki discloses a toy having an electromagnetic steering mechanism where the magnet and the coils move in different planes. Also 4,471,566 to Ishimoto teaches having a steering mechanism where the magnets move in a pendulum fashion an not coaxial as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jamila O. Williams whose telephone number is 571-272-4431. The examiner can normally be reached on Mon-Fri 6:30am-3:00pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Boyer Ashley can be reached on 571-272-4502. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
